Dear

STAT

On this occasion of your retirement from the Navy I wish to express my deep appreciation for the fine service you have given this agency for the past fifteen months. I regret that you are leaving us, but we consider ourselves fortunate to have had, for this time, the benefit of your many years of experience in the photographic reconnaissance and interpretation field. Your contributions to the Inspection Study Group, to Project CLOUD GAP, and to the recent study of the lessons of Cuba, have been imaginative and substantial, and I have found most helpful your ideas on the manifold problems of arms control and disarmament.

I wish you every success in your new endeavors, and am confident that the ability, drive and enthusiasm you have so amply demonstrated here will serve you well. I hope that you will continue your interest in arms control and disarmament and that we shall be able to draw upon your experience.

Sincerely,

/s/ William C. Foster
